RECENT CHANGES IN MISSOURI LAW

Amendment 3

- **Marijuana is legal for adults ages 21 and over.**
- **Key takeaways for employers:**
 - The law does *not* permit public use of marijuana, use of marijuana in the workplace, or driving while under the influence of marijuana.
 - Employers are *not* required to permit or accommodate use or possession of marijuana on company property and may continue to prohibit employees from, and discipline or discharge employees for, working while under the influence of marijuana.
 - Employers are prohibited from discriminating against a person based on:
 - (i) their status as a qualifying patient or primary caregiver with a valid medical marijuana card, including lawful use of medical marijuana outside of work and during nonworking hours, or
 - (ii) a positive drug test for marijuana components or metabolites of a person who has a valid medical marijuana card, unless failure to do so would cause an employer to lose benefits under federal law. The anti-discrimination provision, however, still does *not* permit being under the influence of medical marijuana while on company property or during working hours. It also does not apply to employees in safety-sensitive positions.
 - Criminal records of marijuana offenses will be expunged for misdemeanors and most felony offenses.
 - After expungement, no person may be required to acknowledge the existence of such a criminal record or answer questions about the record in any application for employment, and individuals may deny the existence of the record.

Amendment 3 (cont'd.)

- Missouri employers should:
 - Take measures not to discriminate against employees or applicants who have valid medical marijuana cards, such as not having blanket “no hire” policies and not automatically screening out applicants who test positive for marijuana on a pre-hire drug test but possess a valid medical marijuana card.
 - To the extent employers use drug tests that include screening for marijuana, employers should afford the applicant or employee an opportunity to explain any positive marijuana result prior to taking an adverse action on the basis of the test result.
 - Consider ceasing any pre-hire inquiries about most past marijuana convictions, particularly to the extent any such records still appear on a criminal background check report.

Minimum Wage

- Effective Jan. 1, 2023, Missouri minimum wage is \$12 per hour.
- Tipped employees must be paid at least \$6 per hour, plus any amount necessary to bring total compensation up to at least \$12.00 per hour.

ILLINOIS: LAWS THAT WENT INTO EFFECT IN 2022

ILLINOIS RETIREMENT SAVINGS PROGRAM

- The Illinois Secure Choice Retirement Savings Program (SCRSP), effective July 19, 2022.
- Roth individual retirement account for private-sector employees who lack access to employer-sponsored retirement plans.
- Employers must automatically enroll each employee who has not opted out of participation in the program and deposit their payroll deductions on behalf of those employees. Employers who fail to take these steps could face fines of \$250 to \$500 per employee.
- The enrollment deadline for employers with 5-15 employees is Nov. 1, 2023. The deadline for larger employers has already passed.
- https://www.ilsos.gov/departments/index/register/volume46/register_volume46_issue_32.pdf (pgs. 14068 - 75)

SCRSP (cont'd.)

- Employers who have fewer than five employees, have been in business for less than two years, or who already offer an employer-sponsored retirement plan are exempt from facilitating the program.
- Employers may use their payroll services provider for registration.
- Noncompliant employers with 25 or more employees will see fines in 2023.

VICTIMS' ECONOMIC SECURITY AND SAFETY ACT (VESSA)

- *Effective Jan. 1, 2022*
- H.B. 3582 revised the Victims' Economic Security and Safety Act, which provides leave to employees who are victims or whose family or household members are victims of certain types of violence; prohibits discrimination, harassment or retaliation against those employees; and prohibits discrimination against applicants who are victims of such violence.
- The new legislation allows employees to take leave if they or a “family or household member” is a victim of “any crime of violence.”
 - “Crime of violence” means any conduct proscribed by various legislative provisions, specifically homicide, sex offenses, bodily harm, harassing and obscene communications, terrorism and armed violence.

VESSA (cont'd.)

- **“Family or household members” have been expanded to include:**
 - ✓ spouses or parties to a civil union
 - ✓ parents
 - ✓ grandparents
 - ✓ children
 - ✓ grandchildren

VESSA (cont'd.)

- The amendments add a confidentiality provision requiring all information provided to the employer, including the employee's statement and any other documentation, record or corroborating evidence, and the fact that the employee requested or obtained an accommodation pursuant to VESSA, to be maintained as confidential.
- Employers may disclose information only if the disclosure is:
 - requested or consented to in writing by the employee; or
 - otherwise required by applicable federal or state law.

DISABILITY ASSOCIATION DISCRIMINATION

 - Employers are prohibited from (1) entering into noncompete agreements with employees who earn \$75,000 per year or less, and (2) entering into nonsolicit agreements with employees who earn \$45,000 per year or less.
 - Employers must advise employees to consult with an attorney before entering into a noncompete or nonsolicit agreement, and also give employees at least 14 days to review and decide whether to sign the agreement.

IFWA (cont'd.)

- **Key provisions of the revised regulations also include:**

- Employers must provide “adequate consideration” (usually in the form of a financial benefit) at the time an employee signs the noncompete or nonsolicit agreement, or after the employee has worked for the employer for two years.
- Employers cannot enter into a noncompete or nonsolicit covenant with any employee who was terminated or furloughed due to the COVID-19 pandemic or to “circumstances that are similar to the COVID-19 pandemic,” unless enforcement of such agreements includes providing compensation equal to the employee’s base salary at the time of termination for the period of enforcement, minus any compensation earned through subsequent employment.
- An employee can recover attorneys’ fees and costs from an employer if the employee is the prevailing party in a civil lawsuit or arbitration filed by an employer to enforce a restrictive covenant.
- The Illinois Attorney General may investigate employer conduct when there is “reasonable cause” to believe that an employer is engaged in a pattern or practice prohibited by the IFWA.

 - maintain the confidentiality of such videos and share with only those whose expertise or technology is necessary in order to evaluate applicants' fitness for a position; and;
 - destroy all copies within 30 days of applicants' requests.

- *Effective Jan. 1, 2023*
- **S.B. 3146 revises the state’s meal and rest break law to provide at least 24 consecutive hours of rest in every consecutive seven-day period (instead of every calendar week). This portion of the Act (Section 2) primarily provides protections for domestic workers and does NOT include:**

ODRISA (cont'd.)

- **Starting Jan. 1, 2023, employees who work more than 7.5 hours will be entitled to an additional 20-minute meal break for every additional 4.5 consecutive hours worked beyond 7.5 consecutive hours.**

- **The Act also adds notification requirements for remote workers as well as revises the law's enforcement and penalty provisions.**
- **<https://www.ilga.gov/legislation/publicacts/102/PDF/102-0828.pdf>**

ODRISA (cont'd.)

- Employers may request an ODRISA Permit from the Illinois Department of Labor to schedule employees to work on the seventh day, provided that the employees have voluntarily elected to work.
- The request must contain the following:
 - a statement that all employees who will be working seven days in a row are in fact volunteers;
 - the anticipated number and skills of said employees;
 - a statement that no person possessing said skills is laid off; and
 - the number of days covered by the permit, including inclusive dates and hourly times starting on Sunday.
- An ODRISA Permit allows an employee to work all seven days of the week for *no more than eight weeks in any one year*. A permit for eight weeks of the year shall be granted without justification of necessity.
- To obtain an ODRISA Permit in excess of eight weeks in a year, the employer must show the following:
 - a statement that the necessity cannot be remedied by increasing the number of employees or by adjusting work scheduled; and
 - the business necessity and economic conditions making such a request necessary.
- The ODRISA Permit Application can be accessed at: <https://www2.illinois.gov/idol/Laws-Rules/FLS/Pages/ODRISA-Permit-Application.aspx>.
- The application must be received by IDOL no later than the Friday before the first effective day of the permit. The ODRISA Permit must be granted prior to adjusting employee schedules.
- If the employer fails to use a granted Permit (or any portion thereof), the Permit can be cancelled by written notification to the Director of Labor no later than seven working days after the expiration of the Permit.

EMPLOYEE SICK LEAVE ACT (ESLA) AMENDMENT

- *Effective Jan. 1, 2023*
- Under SB 645, Illinois has amended its Sick Leave Act to provide that “the rights afforded under ESLA serve as the minimum standard in a negotiated collective bargaining agreement.”

ESLA (cont'd.)

- To be clear, ESLA does not require Illinois employers to provide any sick leave to employees.
- However, if an Illinois employer provides sick leave or paid time off, the employee may use the benefit for:
 - absences due to an illness, injury or medical appointment of the employee's covered family member, or
 - personal care of a covered family member on the same terms upon which the employee is able to use personal sick leave for their own illness or injury.
 - “Covered family member” is defined under the Family Bereavement Leave Act.
 - “Personal care” includes:
 - activities to ensure that a covered family member's basic medical, hygiene, nutritional or safety needs are met;
 - providing transportation to medical appointments for a covered family member who is unable to meet those needs himself or herself; or
 - being physically present to provide emotional support to a covered family member with a serious health condition who is receiving inpatient or home care.
- <https://www.ilga.gov/legislation/publicacts/fulltext.asp?Name=102-0817>

Paid Leave for All Workers Act (PLFAW)

- **Effective Jan. 1, 2024**
- **Will provide nearly all Illinois workers with a minimum of 40 hours over a 12-month period.**
 - Limited exceptions.
- **Leave accrues one hour per 40 hours worked. Employer can have a policy limiting total accrual to 40 hours.**
 - No requirement that employee be paid out unused paid leave under PLFAW.
 - Employer can (in a written policy) have this leave applied against a PTO bank/account (in a written policy) but then an employee would be paid out of unused PLFAW leave at termination, per existing Illinois law (under the Illinois Wage Payment and Collection Act).
- **Once effective (Jan. 1, 2024) paid leave will be available the later of 90 days after Jan. 1, 2024, or 90 days after beginning their job (but leave begins to accrue immediately).**

Paid Leave for All Workers Act (PLFAW) (cont'd.)

- Employees on sales commissions must receive at least minimum wage as paid leave.
- No reason needed and employers will not be permitted to seek documentation.
- There will be “posting” requirements similar to other state and federal employment laws.
- Begin preparing: many employers’ existing paid leave policies (e.g., PTO policies) may already substantially comply, but will still likely need to devise policy language specifically addressing the PFLAW.
