

# ARMSTRONG TEASDALE ADDS INTELLECTUAL PROPERTY ASSOCIATE IN MIAMI

Armstrong Teasdale announces the addition of Associate [Cianan Roden-Corrent](#) to the firm's Intellectual Property practice group in Miami.

Roden-Corrent focuses on patent law. Working with inventors, he drafts and prosecutes provisional, design and utility patent applications; drafts responses to office actions; and conducts prior art searches. Leveraging his background in computer science and software engineering, Roden-Corrent has produced applications for a range of subject matter areas from mechanical applications to software methods. He also has experience working with individual inventors.

Prior to joining the firm, Roden-Corrent was a patent and trademark lawyer at a Maryland-based law firm.
