

## **ARMSTRONG TEASDALE EARNS 2023 USFN AWARD OF EXCELLENCE**

Armstrong Teasdale announces that USFN, a national trade association representing America's leading mortgage banking and servicing professionals, has named the firm among its 2023 Award of Excellence recipients.

Award of Excellence recipients are USFN members in good standing who have exhibited a high level of engagement and support of the Association's events, publications, training and other resources built on the expertise of USFN members. For over 30 years, USFN has served as the nation's preeminent trade association of law firms focused on creditors' rights. The Award of Excellence program was initiated in 1993 to recognize and encourage member firms to develop and maintain high standards of excellence in service to the industry and their community.

"Our team is heavily involved in and committed to advancing the mortgage industry, and earning the Award of Excellence annually for more than a decade is a direct reflection of our work in this area," said Partner Tom Fritzlen. "We are appreciative of the trust our clients consistently place in us to provide sound legal counsel."

Lawyers in Armstrong Teasdale's Financial and Real Estate Services practice group represent some of the largest financial institutions and mortgage servicers in the country, in the courtroom and the boardroom, on matters involving banking, bankruptcy, commercial transactions, loan documents, creditors' rights, mechanic's liens, foreclosure, real estate, lending, eviction and litigation.

The Armstrong Teasdale team was recognized during the USFN Member Meeting and Award Recognition presentation on Nov. 7.
