ARMSTRONG TEASDALE LAUNCHES FALL GIVING CAMPAIGN IN CELEBRATION OF 125TH ANNIVERSARY

Armstrong Teasdale has launched its 2026 Fall Giving Campaign, a month-long initiative bringing attorneys and business professionals together to give back to the communities where they live and work. Spanning October and November, the campaign is part of the firm's celebration of its 125th anniversary and supports three primary areas of focus.

Michael C. Tramble Memorial Scholarship Fund: Created in 2004 to honor the memory and legacy of Michael Tramble, a promising associate at Armstrong who tragically lost his life in 1998, this fund is dedicated to supporting the next generation of legal professionals. Throughout the campaign, employees will have opportunities to support the fund through individual giving and fundraising activities, including a firmwide spelling bee and local events.

Volunteer Service: All Armstrong offices are encouraged to participate in opportunities benefiting organizations in their local communities. In St. Louis, the firm continues its more than 20-year partnership with Rebuilding Together St. Louis through a Rebuilding Day on October 29. Armstrong volunteers will assist with home repairs for two homes in North St. Louis.

United Way: The firm's annual United Way campaign will continue this year, allowing supporters to direct funds to an organization of their choosing through United Way's giving platform.

The Fall Giving Campaign builds on a yearlong celebration of the firm's 125th anniversary and ongoing evolution. Earlier this year, the firm introduced updated brand standards and its "Always Trusted" tagline, hosted a marquee anniversary celebration at the St. Louis Zoo, and launched a coordinated editorial campaign featuring Office Managing Attorneys reflecting on the firm's history, relationships, and presence in communities across its markets.
