

INTELLECTUAL PROPERTY PARTNER RASCHE RECEIVES SPECIAL RECOGNITION AMONG IP STARS

St. Louis Intellectual Property partner and practice group leader, Pat Rasche, was named to the 2016 IP Stars list from Managing Intellectual Property. In the state of Missouri, 37 attorneys were named and Pat was recognized for having the most wide-ranging practice, which included six key practice areas (more than any other listed attorney). Pat was recognized for his work in patent prosecution, trademark prosecution, trademark litigation, copyright, transactions, and strategy and counseling.

IP Stars highlights attorneys that have an in-depth, studied understanding of an industry and its products, and who have substantive legal experience to back it. The list is based on hundreds of interview with partners, interviews with clients, and thousands of surveys completed by law firm partners and in-house counsel throughout the United States.
