

STEPHANIE R. GISHER

U.S. PATENT SCIENTIST

St. Louis, MO

314.621.5070

sgisher@atllp.com

Stephanie Gisher keeps documentation organized and details on track at Armstrong Teasdale by coordinating and facilitating communication between clients and the intellectual property law team. Through her several years of working in the fast-paced intellectual property arena, she has honed an impressive set of administrative skills.

A patent scientist at Armstrong Teasdale since 2007, Stephanie works closely with the patent paralegals and attorneys. She assists in the preparation of patent applications, responses to patent office actions, information disclosure statements, certificates of corrections and requests for corrected publications. She also provides assistance with file transfers, review of client invoices and correspondence to clients and the U.S. Patent and Trademark Office.

Stephanie also manages client docketing systems, performs patent searches and prepares charts of results.
